

Rheema Prayer Shawl

by: Girlie D. de los Reyes of [Girlie's Crochet](http://www.GirliesCrochet.com)

Finished Measurements:

Width across upper edge : 48"

Length (unner edge to point) : 24"

For this project gauge, gauge is not important, because the width of the shawl is determined by the persons own preference. In my photo above, I just used up one skein of yarn. You can crochet as many rows as you like to achieve your desired shawl width.
